Subject: EDAC working group training session on March 31

This e mail is being sent to all members of the Design Working Groups for EDAC.

First of all, thank you for volunteering to be part of the working groups.

Attached is the agenda for the EDAC training session on March 31, 2009 which is being held at the Toronto Congress Centre, 650 Dixon Road.

The training is a requirement for all members - if you cannot make this date please let me know. If you are a corresponding member of the group, you will receive e-mails but will not attend the meetings. If you are an observer then your attendance is optional. A list of all members of the groups will be posted shortly to http://www.ieso.ca/imoweb/consult/consult_se73.asp and has been attached for your convenience. If you do not wish your name to show up on the posting please let me know by Friday, March 13. All company names will appear on the web site.

For the meeting on the 31st, members of the Technical Panel and the Information Technology Standing Committee have been invited to the morning training part as well.

We did not receive any comments on the stakeholder engagement plan or the terms of reference, so these documents can be considered final. They can be found at:
http://www.ieso.ca/imoweb/consult/consult_se73.asp

I look forward to seeing everyone on the 31st. If you have any questions, please feel free to call me.
