

Webcast

June 21, 2006 01:00 pm – 04:00 pm EDT

Purpose of the Webcast

1. To explain the interaction of the existing formulations for the day-ahead and real-time intertie offer guarantee payments and why this may result in lower than anticipated revenues for imports.
2. To present a possible means of avoiding the above circumstances.
3. To gather stakeholder feedback on the proposed method to avoid the circumstance.
